

Host an international student.

Open your home. Enrich your life.

Ever thought about sharing your home with a student from another country? Our International Student Program is looking for caring families to host students from around the world while they study in our schools.

Share Canadian culture.

Show a student the best of life in Alberta! From snowy winters to hockey games, local traditions, and home-cooked meals — your everyday life is a brand-new adventure for them.

Build lifelong connections.

Many host families and students stay in touch for years. It's a wonderful way to learn about new cultures and create friendships that last a lifetime.

You're never alone.

Whether you host for a few months, a semester, or a whole year, you'll receive a monthly allowance to help cover expenses and 24/7 support from us. If you have questions or need help, we're here for you.
